CHAMPION MCGILL TRACK TEAM WILL DEFEND THE INTERCOLLEGIATE TITLE

Toronto Has Entered a Powerful Team, Bell, Francis and Vince are the Blue and White Stars, Hamilton, Hay, Johnson, Legg, Gaboury and Kennedy are Among Red and White Entries, Meet Starts at 2.15. Close Result Apparent, Records Should be Broken.

Toronto again has sent a team to Montreal with the earnest intention of capturing a championship. The Blue and White track team arrived in town this evening with every intention of making the McGill runners break records or lose the meet. The Toronto team is a fast outfit and unless the McGill men live well up to expectations they will suffer a defeat. Bell, Francis and Vince are worthy opponents and to defeat these three men is going to be difficult. The rest of the Blue and White team is, although not quite as brilliant, a dangerous bunch to buck up again. Although not sure of firsts, the second and third places count so that they may total a good number of points. The meet this year is a dual affair. The two Kingston teams, who in the past have entered teams, are no tin the running. This is unfortunate but the fight between the two competing teams will be made closer as a result.

The Toronto team has for its stars Bell, Francis and Vince. Bell is a weight thrower. He was in the meet last year but in the past month has shown remarkable improvement. He is a point winner of no mean ability. Francis is well known as a pole vaulter. He was at Hamilton last year and made a name for himself there. If he is working well he, too, will be on the winning list. Vince is a sprinter who may be the surprise of the day. In spite of bad weather he has made some very fast time at Toronto. The McGill veterans will do well to watch this runner in the shorter distances.

The rest of the visiting team is, although not of star calibre, steady and certain to put up a tough fight. Toronto concedes nothing to the champions and will make them work to keep the honors which they now hold. With the invaders are several men who in the

past have made names for themselves on the track. Dr. J. S. Sebert, holder of the sixty yard, 440 yard and 400 metre championships in Canada, is with the team. The coach, Halbus, is the intercollegiate 100-yard champion. Caruthers, the star Blue and White hurdler, and holder of the discus record, is also down to see the meet. Dr. W. E. Brown, President of the C.I.T.U., will be in town tomorrow morning. The invading team is reported in first class condition and is optimistic as to their chance of a win.

The McGill team is as near an all-star aggregation as could be desired. Johnson and Hay are the sprinters. Johnson has never been beaten in intercollegiate competition. Hay is the Dominion 440 champion. Both of these men have been on the track team for some time and are veterans at the game. Between them they should gather in a good majority of the points in the hundred, 200 and 440 yard races. Patterson is also a McGill entry for these races. In the wet weather two weeks ago this runner was timed for ten, two in the short sprint. He is the most promising man that has appeared on the track in some time. If run in the meet he should be a source of worry to the opposition.

Hamilton and Legg are well able to handle their distance. The half mile and the mile rests in the hands of these two men. Alexander and Fry are the two men entered to run in the respective races and either of them is well able to fill in the place of the veteran years Hamilton has made a name as one of the best milers in the college sports. Middle distance men. In the past few He has a remarkable stride and no end of endurance. Legg, his running mate, is developing into the equal of Hamilton. Together they run a good race

and are certain to force their opponents. In the three mile race Wiggins and Stephens will probably run with Egeron also entered. The running of Wiggins is also of interest. This man is able to spring for long distances in the endurance run and then drop into his stride again. Stephen is a steady runner and is able to open up a terrific pace for the last half mile. If these men are able to hold their place till the spring there should be little doubt of the result.

The work of Kennedy, Gaboury and Foss is noticeable above the other men in the field events. Kennedy should be high point winner. This versatile athlete is a star in the discus, high jump, broad jump, shot put, hurdles, and can sprint if needed. Although he is not to enter all of these events because of the plentifulness of material he should do well in those he enters. Gaboury is the pole vaulter of the team. He and Francis should give a good exhibition. Craik is also entered in this event and should gather in a place. Amaron and Jardine are two weight men who will do well. They both have in the past few weeks developed in immense strides and their work will be worth noting.

Queen's has but two entries whose points will not count in the score, as eight men is a minimum team.

The officials for the meet have all been arranged for so that without doubt the meet will be run off in the prompt manner that the last two were handled. Special effort is being made to keep the spectators in the grand stand, and it is hoped that the students will help out the track team by heeding his request. Only holders of official ribbons being allowed in the field.

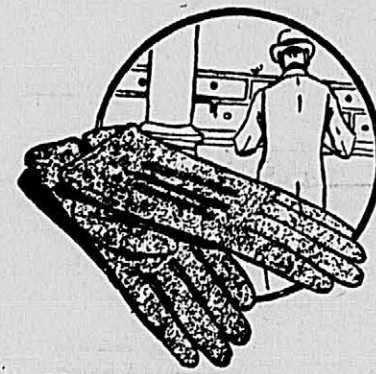

There will be a dinner in honor of the visitors at the Union, which will terminate the track activity.

MISS WRONG SPEAKS TO WOMEN'S UNION

Secretary of World's S.C.A.
Will be at Hall This
Morning

The programme for Miss Margaret Wrong, travelling secretary of the World's Student Christian Federation, during her visit to Montreal is now complete. Miss Wrong has been for some time at her home in Toronto.

The McGill Women's Union is taking advantage of her presence in the city, and have called a special meeting at 11.00 o'clock this morning at Strathcona Hall. Miss Wrong will speak of her experience during the past year in the universities of Central Europe, also of her impressions regarding the conditions there, and of the significance of various currents of student thought in the war-torn countries. As Miss Wrong, in addition to her work in Central European universities, was present at the World's Student Federation meeting in Pekin and spent some time in China following that, she has had a wide range of experience, and is eminently qualified to give it linguistic expression.

On Saturday it is planned to have a supper after the Varsity game. Miss Wrong will be the guest, and will deal with matters of popular interest to students, relative to student life in the many countries where she has travelled in connection with her Federation work. Those who desire to attend this meeting should sign their names at once on the lists at Strathcona Hall or the R.V.C. About one hundred can be accommodated. It will be a n excellent way to close the day after the game.

During her visit she will on several occasions be the guest of smaller groups of students. On Sunday she will be at Macdonald College, and on Monday night will leave for the Maritime Provinces, where she will visit the Eastern universities before returning to her work in Europe.

WHAT'S ON

TODAY

10.30 p.m.—R.V.C. Sports, 50 yards and 100 yards Relay Race.
10.30 a.m.—Soccer Practice.
11.00 a.m.—McGill Women's Union.
11.00 a.m.—R.V.C. Sports—Throwing Basket-ball.
12.00 a.m.—R.V.C. Sports—Hurdles.
2.30 p.m.—INTERCOLLEGIATE MEET.
5.00 p.m.—R.V.C. Sports—100 yards dash.
7.45 p.m.—Conversat at Strathcona Hall.

COMING

Oct. 21st—Varsity vs. McGill.
Oct. 21st—Supper Meeting at Strathcona Hall.
Oct. 22nd—"Sing" at Strathcona Hall.

STUDENT SUSTAINS SERIOUS INJURIES

Klineberg Now at R.V.H.
With Fractured Skull

Otto Klineberg, M.A., and member of Med. '25, was seriously injured on Wednesday afternoon about 4.15 p.m., as he was crossing University street at the northwest corner of Sherbrooke street. He was struck by an automobile which was turning west on to Sherbrooke, and sustained a fracture of the skull. He was removed to the Royal Victoria Hospital, where Doctors Levine and Archibald are attending to him. A statement issued today says that Klineberg is progressing favorably and that unless unforeseen complications set in, there is a good chance of his recovery. The injured man was with three classmates and, engaged in conversation with them, apparently did not see the approaching car until too late. His comrades were all able to step out of the way, however.

Klineberg obtained his B.A. from McGill in 1919, and studied for a year at Harvard, where he was granted the degree of M.A. in 1920. Since returning to McGill he has been connected with the Philosophical Society, having read several papers before that body.

"Gee, you're a Gem."
"Well, would Gillette me kiss you?"
"Say, kid, I'm Everready."
—Harvard Lampoon.

ART'S MAN RECOVERING.

The many friends of Hubert Holtham, Fourth Year Arts student, who has been in the Royal Victoria Hospital for the past week, suffering from an attack of cute peritonitis, will be glad to learn that his condition is much more favorable to-day, and that he is now well on the way to recovery.

MONTREAL, FRIDAY, OCTOBER 20, 1922.

THE GYMNASIUM.

McGill athletics are to struggle through another indefinite period of handicaps, disappointments and difficulties. The gymnasium, so long contemplated as a panacea for present ills, it not to be constructed this session. That this is a blow to the McGill student body is a statement that requires no reiteration: since the time of the great financial drive of two years ago, McGill has eagerly awaited the day when she would be independent of outside institutions in regard to such accommodation. There can be but little doubt that the lack of gymnasium and of dormitories has served as a strong discouragement to many anticipating a course of studies at this university, any decrease in the registration could be largely attributed to this lamentable inadequacy in our college life. Nor has the loss suffered been in registered students alone; a loss, as pronounced but less obvious, has resulted in the lack of incentive essential to the furthering of athletics. The detriment to McGill in reputation from both these causes cannot well be estimated.

At first sight there appears to be little tangible result from the effort made in 1920 to secure funds to aid in the erection of college dormitories, gymnasium and in the reconstruction of certain faculty buildings, and as slight justification for the expenditure of money on works for which there seems to be no such imperative need. However, upon inquiry we are informed that the greater part of the fund subscribed in 1920 had, necessarily, to go towards removing the debt under which the university was laboring, and that the structures which we now view nearing completion were supported by grants authorized for that specific purpose. Evidently the postponement of the date set for the completion of the gymnasium and dormitories was unavoidable under the circumstances; and quite as evidently McGill is to undergo another year or more of eager waiting and hampered activity in cramped insufficient quarters for the gymnasium and dormitories that will, some day, adorn our Campus.

McGILL ON TRIAL.

It is frequently said that a university is judged by the type of man that it turns out. It can quite as fittingly be stated that a university maintains its standing by the attitude of its undergraduates, as by that of its graduates. The graduate is the representative of his Alma Mater in the professional and business world; the undergraduate is no less the delegates of his Alma Mater in the immediate vicinity of the college, in his "home town" and to those members of other colleges who, from time to time, are in contact with his university. However, there is this important distinction: the man who has received his degree is not so obviously a graduate, as the man still attending lectures is an undergraduate. The every action of the one is not necessarily construed as being that of a college man, much less as that of the product of one particular university. The other is constantly "on trial"; his every act and speech is looked upon as being that of an undergraduate.

So over the present week-end is each student at McGill "on trial". McGill is acting the part of host to the Track and Rugby Teams and their supporters of the University of Toronto. It is an obligation that we owe, not only to our visitors, in return for the consideration shown McGill in Toronto, but also to our Alma Mater that we exert ourselves to accord our fellow collegians a welcome, a welcome that will afterwards conjure to their minds pleasant recollections of Montreal and the days spent here. Certainly should be the aim of all. Courtesy to the Varsity man in our midst, to the player on the field and to the officials managing and referring the game to-morrow. In this last mentioned connection it is scarcely necessary to mention the regret and surprise occasioned by the manner assumed by some of the Rooters towards the officials in charge of the last Saturday's football contest. That the leaders of the Rooters would countenance such an unsportsmanlike display of ill-feeling and dissension from the rulings of the arbiter, caused no slight perturbation in certain quarters. It would be superfluous to advise against a repetition of such an affair. McGill is on the gridiron primarily to win, but above all to "play the game".

Let us do our part in furthering the happy relations between Canada's two leading universities, and in making the Varsity man feel, that although he may be a stranger in the city, he is after all a "fellow student", with a great deal in common with those at McGill.

TWO TITLES AT STAKE.

Two Intercollegiate Championships will be decided to-day; when this afternoon at the Stadium the McGill Track team will defend their title against the University of Toronto representatives, and in Kingston the McGill Tennis team will be endeavouring to bring the Cup back to Montreal for another year.

In both contests the McGill teams are favoured to win. It has become a tradition since the war that Tennis and Track were the two sports on which the Red and White had a splendid hold. In all the meets held in these two of late years the McGill teams proved markedly superior. The Track Team have held the Championship since the year 1914, that is for four successive meets, there being none held during the war years, while the last time another University won the Tennis was in 1912, when the University of Toronto team were victorious.

This year, advance reports would seem to show that there is a good chance of the performances of the past few years being repeated, although it is certain that there will be a great deal more opposition furnished the McGill team than for several years. The Track team, composed mostly of Veterans who have shown their ability on several previous occasions, would seem, judging by the Inter-Faculty Meet held last week, and by the reports of the University of Toronto Meet, to be capable of carrying off the honours here to-day. There are, it is admitted, however, several weak spots in the McGill team which will necessitate a few men doing nearly all the work, and on their ability to stand the pace hangs the result of the Meet.

NOTICES

"DAILY" STAFF TO-NIGHT.

In charge: Tombs.
 Staff: Gardner, Shackell, Potter, McNamee, Cantero.

E. T. CLUB.

All E. T. men will please keep the night of Wednesday the 25th, open for the Club Smoker.

LOST.

A ring with inscription inside, A. J. P. "Grescamus in illo per omnia" in washroom adjoining Smithie, Engineering Building. Finder please return to Janitor, Engineering Bldg.

FENCING.

The first meeting of the McGill Fencing Club will be held in the gymnasium of the Diocesan Theological College on Monday, October 23rd, at 5 p.m. All those who intend to fence this year should be present.

COMMERCE '25 ATTENTION!

There is a meeting of utmost importance to be held immediately after the Economics Lecture at 1 o'clock, Room 115, Arts' Building. Everyone be there, don't miss this.

LOST.

Gold signet ring in gym. on Tuesday. Finder please leave same with Janitor of Engineering Building.

EXCHANGED.

Would the gentleman who discovered he had returned home from the Fresh-Soph. Banquet with a green felt hat instead of his brown, be so good as to apply to W. L. Gourlay, Arts '25 and exchange it?

JUNIOR DANCE COMMITTEE

There will be a meeting of the Junior Dance Committee held in the Union on Monday, October 23rd, at 5 o'clock. This will be a short meeting and all representatives are asked to be present as a convenor is to be elected. Any Junior Varsity that have not already done so will kindly elect at once two representatives for the Committee.

WARNING

It has been brought to the notice of the Students' Council that certain students have interfered with grounds-men on duty at the Percival Memorial Stadium while games are in progress. In future any student committing such an offence will be reported to the University Authorities for disciplinary action.

AN OPPORTUNITY!

An opportunity will be offered every man in Arts '26 to show how much he can eat, at the banquet to-night at Queen's Hotel. Those who have receipts can obtain tickets in exchange for them in Room 250 of the Biological Building at 1 o'clock to-day. Those who have not already paid their fee should do so without delay, as never again will an opportunity such as this be presented to the Arts Freshmen.

BURLESQUE RUGBY

The men who are taking part in the burlesque rugby match which is to take place at half time during the Varsity game are requested to turnout to a practice to be held at the Stadium at ten-thirty Friday morning. None of those taking part should miss this practice as the success of the thing depends on each man knowing just what is to be pulled off.

R.V.C. SPORTS PRACTICES.

The following practices will take place at R.V.C. on Friday: 50 yards dash, 100 yards dash, Relay Race on Friday, October 20th at 10.30 a.m.

Hurdles—Friday October 20th, at 12 a.m.

100 Yards Dash—October 20th, at 5 p.m.

Throwing Basket-ball—Friday, October 20th, at 11 a.m.

ENTRANCES FOR SPORTS R.V.C.

All students who have entered must have undergone a medical examination this year, (Dr. Harvey).

If this has not been done arrangements should be made to have it done next week, (Tuesday).

R.V.C. '24.

There will be an important meeting of R.V.C. '24 on Monday, October 23rd, at 1 p.m., in Room 12.

Come early and you won't be kept long.

It is regrettable the Queen's have found it impossible to enter a Track team this year. While they have not been serious contenders for the Championship for some years, they have always beef to the front in a few events at least, and it is hoped that this is only a temporary recession on their part.

The McGill Tennis team look very strong. Numbered among them is the Champion of this Province and of Eastern Ontario, and the remainder are all men who have been on the team for at least a year and all are to be counted on to play well under all conditions. The reports of to-day's play show McGill in the lead, with the singles tournament half over.

A not unwarranted feeling of confidence, then, prevails in college circles to-day, and without wishing to minimize in the slightest degree the strength of the opposing teams, it would seem quite probable that by to-night both Track and Tennis titles will be McGill's for 1922-23.

MANITOBA IS WINNER IN TRACK MEET

Scores 102 Points all Told

HEAVY TRACK

Eight Records Broken by Manitoba Athletes—Alberta a Poor Second

The results of the recent track meet shows a big improvement in this sport in the west. The athletes of Manitoba sent eight out of sixteen records flying when they walked away with the honors at the meet. Although the times are fast, a comparison with those made at recent meets in Toronto and at Montreal show that the Eastern men still have a bit the better of it. This may be due, however, to adverse weather conditions at the time of the meet.

Starting out by coping first and second in the high hurdles, the opening event of the morning programme, the bearers of the brown and gold colors never let up once in their great clean-up. They won every event of the sixteen except one; they piled up 102 points to Alberta's 27 and Saskatchewan's 15, and but for the fact that they were allowed to enter only two men in each event their aggregate would surely have been greater, and to crown their achievements they sent no fewer than eight out of the sixteen records into discord.

Clive Neilson and Kenny Asseltine tied for the individual honors, each winning three firsts with ease. Clive copped the two hurdle races, in which he set up new records, showed his old form in winning the discus. Asseltine had no trouble in the hundred and twenty, in which he also set up new marks, while he won the broad jump comfortably.

Dave McGill and Jack Murray, with two firsts each, tied for third place in the aggregate. As expected, Dave won the quarter and three miles, breaking the record in both, while Murray easily copped the half-mile, setting up a new mark in the former despite the fact that he loafed coming home.

Cliff Brock beat the pole vault record by 3 inches, clearing the bar at 10 feet after a beautiful exhibition of getting over the high spots. Brock also got second in the discus and finished well up in the standing. The other records to go was set by Manitoba in the half-mile relay race, in which the "Tobas" were rushed all the way by Alberta.

Bright, of Alberta, led the visiting athletes in the individual standing. He won the only first place for the visitors when he beat out Jim Creighton in the shot put, and was successful in taking second in the discus and third in the javelin. Stothers, also of Alberta, showed class by taking second in the mile and three miles and third in the low hurdles, while Barker, a team-mate, got through for three thirds in the runs. Creighton was Manitoba's mainstay in the weights, and took a first, second and a third. Campbell and Argue also figured well for the winning team with two seconds each.

The morning events were conducted under miserable weather conditions, and the track was far from being in shape until the afternoon, when the atmosphere warmed up slightly. Neilson's display in the high hurdles was therefore very commendable. He beat the old record by one second. Campbell was a close second, but the rest of the field were away behind. The time made by Murray in the half-mile which followed could easily have been bettered had Jack extended himself coming home. He had the rest of the bunch at his mercy.

Asseltine made his first appearance in the broad jump and his first leap proved his best. Puttee, in jumping off for third place, bettered the mark made by Bures, of Alberta, who took second. The following event, the two-twenty, again saw Asseltine in all his glory, and he lowered the record to 23.3 after a magnificent run on the heavy track. Angus lost a shoe fifty yards down the track, but plugged his way to second place in spite of the handicap. No startling performances were noticed in the discus and javelin, but the 440 yards, which concluded the morning programme, was equally brilliant as the race at the inter-faculty meet, and was again won by Dave McGill in the record-breaking time of 53.3, beating the old mark of 55 seconds by an appreciable margin. "Butch" McLeod finished second in good style.

Asseltine started the afternoon proceedings by lowering the hundred re-

cord to 10.2 after a poor start, with Campbell second. The hammer saw Eaton, the Law stalwart, off his usual form, but Erickson kept the brown and gold to the fore with a winning heave. Murray ran a heady race in the mile, but was pushed by Stothers and Barker, of Alberta, who showed a strong finish. Neilson's discus arm was in good shape, and Clive hurled himself into first place over Bright, of Alberta, and Creighton.

Cliff Brock, the pep kid, showed that his performance at the inter-faculty meet was a mere flash in the pan when he poled himself to victory in the pole vault with a new record. This is the second time Cliff has cleared 10 feet this year, but his vault yesterday under the cold weather conditions was certainly a triumph; Thorlakson pushed him all the way. In the high jump every competitor except Art Puttee knocked down the bar on their first jump, and it was easy to see who would win. Art was head and shoulder above the rest of the field, and made a fine cold day leap of 5 ft. 4. The record is 5.6, but Saturday was no day to try and smash high jump marks.

The crowd were treated to one of the spectacular treats of the day in the finish of the three miles, when Dave McGill, after being run to a standstill all the way round by Douglas, of Saskatchewan stepped on the gas and ran the final 300 yards as if he were out to break the world's sprinting record. Stothers, of Alberta, also finished strong and headed off Douglas for second place. McGill's time of 16.44 was a new record, and certainly remarkable on a heavy track.

Despite the cold weather there was a splendid attendance at the park, and the track sports and rugby proved a dual card par excellence. In the evening the athletes were entertained at a dinner at the Fort Garry hotel, followed by a reception.

Summary of Results.

100 yard dash—1, Asseltine, M.; 2, Campbell, M.; 3, Smith, S. Time, 10 2.5 secs. New record.

220 yard dash—1, Asseltine, M.; 2, Argue, M.; 3, Ferguson, A. Time, 23 3.5 secs. New record.

440 yards—1, McGill, M.; 2, McLeod, J.; 3, Barker, A. Time, 53 3-5 secs. New record.

Half-mile—1, Murray, M.; 2, McGuire, S.; 3, Barker, A. Time, 2:07 1-5. New record.

Mile—1, Murray, M.; 2, Stothers, J.; 3, Barker, A. Time 4:59 1-5.

120 yard high hurdles—1, Neilson, J.; 2, Campbell, M.; 3, Ferguson, A. Time, 17 1-5 secs. New record.

220 yard low hurdles—1, Neilson, J.; 2, Argue, M.; 3, Stothers, A. Time, 28 secs. New record.

Half-mile relay—1, Manitoba (Argue, Neilson, Murray, Asseltine); 2, Alberta; 3, Saskatchewan. Time, 1:36 5-5. New record.

Running high jump—1, Puttee, M.; 2, Slominski, S.; and Hutchison, S. Height, 5 ft. 4 in.

Running broad jump—1, Asseltine, M.; 2, Bures, A.; 3, Puttee, M. Distance, 20 ft. 6 1-4 in.

Pole vault—1, Brock, M.; 2, Thorlakson, M.; 3, Hutchison, S. Height, 0 ft. New record.

Shot put—1, Bright, A.; 2, Creighton, M.; 3, Nicholson, S. Distance, 33 ft. 10 1-2 in.

Hammer—1, Erickson, M.; 2, McLeod, S.; 3, Eaton, M. Distance, 95 ft. 4 3-4 in.

Discus—1, Neilson, M.; 2, Bright, A.; 3, Creighton, M. Distance, 110 ft. 5 in.

Javelin—1, Creighton, M.; 2, Brock, M.; 3, Bright, A. Distance, 137 ft. 11 1-2 in.

Three miles—1, McGill, M.; 2, Stothers, A.; 3, Douglas, S. Time, 16:44. New record.

"DAILY" FILES

October 20, 1914—Varsity entries for Intercollegiate Track Meet are announced. McGill men training hard and look superior to Toronto entries.

October 20, 1914—Athletic Association decided on steps to enforce more stringently regulations on physical examinations.

October 20, 1914—It is announced that University of Vermont tennis team will play McGill on October 24th.

October 20, 1915—Science '17 defeat Freshman in football struggle.

October 20, 1915—H. Crombie elected by acclamation to head Track Club.

October 20, 1916—80 Freshmen released from Sophomores' clutches by intervention of the Students' Council.

October 20, 1916—Programmes of University Sports announced for coming Saturday.

October 20, 1916—Queen's has been authorized by Sir Sam Hughes to form a Highland Battalion.

October 20, 1916—New code of rules for football drawn up by Athletic Association.

October 20, 1917—University Sports run off despite unfavorable weather. Dan Sutherland wins Governors' Prize.

October 20, 1917—Morning stroll of Freshmen rudely interrupted by lordly Sophs. Freshmen victorious for past three weeks, at last brought to earth.

October 20, 1919—R.V.C. Sports run off. Large attendance. Juniors carried day.

October 20, 1919—Golf tournament between students and pros. held at Dixie. The staff won from students 46-18.

October 20, 1919—Prince of Wales decorates McGill graduates at Kingston. Queen's confers degrees on McGill men.

October 20, 1920—Players for tennis team chosen. Crocker elected captain.

October 20, 1920—Initial run of harrriers held.

October 20, 1920—Meeting of English Rugbyists held and plans discussed.

HARD-EARNED WAGES.

An artist who was employed to renovate and retouch the great oil paintings in an old church in Belgium rendered a bill of \$67.30 for his services. The church warden, however, required an itemized bill, and the following was duly presented, audited and paid:

For correcting the Ten Commandments \$5.12

For Renewing Heaven and adjusting stars 7.14

For touching up Purgatory and restoring lost souls 3.06

For brightening up the flames of Hell, putting new tail on the Devil, and doing odd jobs for the damned 7.17

For putting new stone in David's sling, enlarging head of Goliath 6.13

For mending shirt of Prodigal Son and cleaning his ear 3.39

For embellishing Pontius Pilate and putting new ribbon on his bonnet 3.02

For putting new tail and comb on St. Peter's rooster 2.20

For re-plumbing and re-gilding left wing of the Guardian Angel 5.18

For washing the servant of High Priest and putting carmine on his cheek 5.02

For taking spots off the son of Tobias 10.30

For putting earrings in Sarah's ears 5.26

For decorating Noah's Ark and new head on Shem 4.31

Total \$67.30

MCGILL LEADS TENNIS MEET AT KINGSTON

Two McGill Men Left in Singles

FINALS TO-DAY

Red and White Leading by One Point

(Special to McGill Daily)

Kingston, October 20.—McGill was leading the Toronto, Queen's and Royal Military College teams at the end of the first day of the tournament yesterday by the margin of a single point. The men on the teams representing the colleges in the union are more closely matched than has been the case for some years past and the sets are for the most part being closely contested. The day was a poor one for tennis, being very raw and cold, and the players find it difficult to get the snap into their play that would be seen in ideal summer weather.

The present standing of the teams gives McGill five points, Toronto four points, Queen's three points, and Royal Military College none. The semi-finals of the tournament will start today. McGill is represented by two players and Toronto and Queen's each by one. Larkin is the only survivor from the Toronto team, while "Bud" Thomas is the only man left from the Queen's team. Crocker and Maurice will compete in the semi-finals for McGill.

The games today may bring together a former junior champion of Canada against the present holder of the title. Maurice, of McGill, held that title at one time, when "Bud" Thomas, of Queen's, won the title during the past summer. If they should meet it would be an interesting match. Crocker, the McGill star, and holder of the Quebec and Ontario provincial championships, still looks to be the outstanding competitor at the tournament.

Both Thomas and Crocker were forced to extend themselves in winning their final matches of the day. In both cases it was necessary for the players to play extra games in the final set to determine the winner, but both of the victors won clean-cut victories over their opponents. Thomas after defeating Lyons, of Toronto, 6-3 in the first set, was extended to win 8-6 in the final one. Crocker was the winner of his first set against Ham, of Toronto, by 6-3, but the final set was only settled by a 7-5 score. In Crocker's first match against Gill, of Royal Military College, he found little competition and won the two sets in quick succession 6-0, 6-0.

Larkin, the Toronto man remaining in the running, took his first match from Slade, of Ray Military College, and then eliminated Douglas, one of McGill's hopes, in straight sets, 6-3, 6-1. Maurice, McGill, eliminated McLachlan, Queen's, in fast order, 6-0, 6-1, after the latter had won from Dunn, R.M.C. In the McGill man's second match against Endicott, of Toronto, three sets were necessary to decide the winner. Starting off in good fashion Maurice won the first set 6-2, but his opponent displayed a rare burst of speed in the second and finally won it after sixteen games had been played; the score was 7-9. Apparently Endicott had given all he had in the second set for Maurice carried off the final one by a 6-1 score.

The results:—

- Douglas (M) beat Griffin (Q) 6-1, 6-2.
- Ham (T) beat Jones (Q) 6-2, 6-3.
- McLachlan (Q) beat Dunn (R.M.C.) 2-6, 7-5, 6-3.
- Ryan (T) beat Ramsay (M) 6-3, 6-2.
- Maurice (M) beat Endicott (T) 5-2, 7-9, 6-1.
- Maurice (M) beat McLachlan (Q) 6-0, 6-1.
- Thomas (Q) beat Hucker (R.M.C.) 6-0, 6-4.
- Thomas (Q) beat Lyons (T) 6-3, 8-6.
- Larkin (T) beat Sladen (R.M.C.)
- Larkin (T) beat Douglas (M) 5-3, 6-1.
- Crocker (M) beat Gill (R.M.C.) 5-0, 6-0.
- Crocker (M) beat Ham (T) 6-3, 7-5.
- Standing: McGill, 5; Toronto, 4; Queen's, 3; R.M.C., 0.

WORKOUT HELD FOR MAISONNEUVE GAME

Water Polo Team Ready for Initial Struggle To-night

The Y.M.C.A. pool was last night the scene of a snappy workout of the Swimming Club in preparation for the water polo contest with Maisonneuve tonight. There was an unusually large turnout and it was encouraging to note that the men were shaping up well and are all set to bulge the Maisonneuve net in this evening's struggle.

Coach Vernot got the men together promptly at 5.30. A steady hour of practice followed, the men working in shifts, in order that no cases of "stiffness" should hamper the team in the coming game. Coach Vernot said he felt the team was about as good as ever it was, but that the men naturally required more practice together before their team work could be perfected.

The line-up for tonight's game is as follows:

Centre—Ross.
L. Forward—Monro.
R. Forward—Vickerson.
D. Defence—Forsythe.
R. Defence—Anson.
Goal—Graham-Browne.

Spares—Kyle, Phipps, Murphy.
As yet no timekeepers or other officials have been appointed and the coach asks that anyone caring to oblige the Club by acting in this capacity should apply to him before the commencement of the game.

The coach also suggested that as many students as possible should turn out to "root" for their team. Most men do not realize that the encouragement lent to a team by rooters is one of the great factors towards the success of the squad. A gallery crowded with supporters of the opposing team who raise a shout at every point scored in their favor, naturally discourages a team that hears no answering yell from its own "bunch." Therefore all the McGill men who can spare the time should turn out to the Maisonneuve pool (Ontario St. E.) to-night at 8.30 and not only show their college spirit but put in a very entertaining evening as well.

PROMINENT MCGILL GRADUATE IS DEAD

James Brickenridge Was Famous Veterinary Surgeon—McGill Man Invents Block

Word was received by the Secretary of the Graduate Society yesterday of the death of James Brickenridge Paige, who graduated from McGill in 1891 with the degree of D.V.S., and who for many years held a place of honor and esteem at Massachusetts Agricultural College at Amherst, where for several years he was head of the Department of Veterinary Science.

Dr. Brickenridge was born in Prescott, Ontario, in 1861, the son of Francis B. Paige. In 1882 he graduated from Massachusetts Agricultural College, and later continued his studies at McGill University. After practising his profession for three years at Northampton he was appointed a professor at the Mass. Agricultural College, where he organized the Department of Veterinary Science.

Some years later, after taking a post-graduate course at McGill, he travelled to Munich, Germany, to continue his studies.

In the political field of the United States Dr. Brickenridge was a Republican and both in 1902 and 1903 he was elected to the Legislature.

The death occurred suddenly after a long illness at Waverley Sanitarium, on October 5th.

Word comes from Victoria, B.C., that John A. Wilkon, prominent sportsman of that city, has invented a special interlocking hollow building block which has been called "Themobile", that combines strength, cheapness and speed in erection, with perfect installation for any structure.

Mr. Wilkon is a McGill man, having graduated in the Department of Architecture. He obtained his preliminary education at the University of Manitoba and came to McGill from there.

CLOSE GAMES PROVIDED IN R.V.C. TENNIS

Miss Leggatt and Miss Stocking Victors

DOUBLES TO-DAY

Seniors or Freshies to Win Inter-year Championship?

Yesterday on the R.V.C. courts was played the final round of the Inter-Class Tennis singles. The points were evenly divided, for though Miss Leggatt, of '23, won against Miss Dunton, of '26, Miss Slack, of '23, was eaten by Miss Stocking, of '26. This means that each class has won one point towards the championship, which will be decided by the doubles this morning.

In the first set played between Miss Slack and Miss Stocking, the latter soon obtained the lead, and by consistent though rather slow serving, kept it, winning by a score of 6-1. The score makes the set seem one-sided but it really was not, for Miss Slack played brilliantly at times and forced Miss Stocking to exert herself to the utmost.

Miss Slack uses a driving serve and several times Miss Stocking lost points, being unable to return the former's low smashes. In the second set Miss Slack rallied and by deliberate smashing and easy net returns, won the first three games. Miss Stocking was perhaps tired, at first, and did not run after Miss Slack's net returns.

In the fourth game, however, Miss Stocking changed her tactics and instead of a slow serve used a swifter one, which, however, did not bother Miss Slack. The latter lost this game by driving into the net and outside the lines.

The extreme cold was very hard on both players and flurries of snow often prevented accurate shots.

The score now stood three all and Miss Slack won the next two games, but in the next game, which was also her serve, she lost both games and set by playing wildly. Many balls were just in the net, or else just outside the lines.

The feature of this set was the steady back-line playing of both players. Long rallies and difficult returns added to the excitement of the spectators, who really needed something to warm them. Miss Stocking uses a steel racket, which is strung so tightly that all her balls are given a greater impetus.

When the score became 6 all both Miss Slack and Miss Stocking were more careful, but Miss Stocking's steady serve and accurate returns won her the next two games and the set.

The game between Miss Leggatt, of '23, and Miss R. Dunton, of '26, provided considerable interest, being won by Miss Leggatt, 6-1, 6-4.

Although Miss Leggatt won both sets the game was by no means one-sided and the interest in it never flagged. Its principal features were the long drives and splendid volleying of both players, and there were many very fine rallies. The playing was particularly brilliant at the beginning of the second set, which opened with an uninterrupted series of volleys.

Both players have a steady serve and very few doubles occurred. There was very little net playing, but occasionally Miss Dunton sent some swift shots from the net. Miss Leggatt's accuracy, coolness and speed won the game for her.

THE DANSANT AT UNION TOMORROW

Large Crowd Expected—Splendid Arrangements

To-morrow is the day and after the game is the time. The Union is starting out the social year with an event which should be of interest to a large number of students. It has long been agitated that instead of being forced to rely on the tea dances at down town places, it would be much nicer if arrangements could be made for a similar event at the Union. Here's your chance.

The ball-room will be set out with small tables seating two or four persons and with the aid of the cafeteria staff, tea and its trimmings will be served in the orthodox manner.

Musical? Just come and try to make your feet behave. It just can't be done because Adney, LeBaron & Co. are dealing out the jazz and its proud boast that even the legs of the table can't keep still. It is hoped that the attendance will not be limited to undergraduates. Graduates seem to shun social events about college as rather to frivolous for their staid conduct. Everyone is expected. You can celebrate a victory or be consoled for a defeat and be with the bunch.

The price is down to rock bottom—\$1.25 per couple, so if you can afford to take her to the football game, make her go in with the rooters and meet her after. Whatever you do don't miss it. It's going to be worth every cent of it.

VARSITY TRACK TEAM CONFIDENT

Arrived Last Night—Team Mostly Composed of Freshmen

The much heralded Varsity track team arrived last night. The snow storm which also descended on the city in the afternoon would seem to presage a wet track, but it should be in fair condition nevertheless.

Frank Halbus, the Varsity Honorary coach, is a U. of T. graduate of 1911. He holds the 100 yard record and also shares honors with Dr. "Lou" Sebert on the 220 yards run.

The Varsity coach stated last night that altogether sixteen huskies are to represent the Blue and White this afternoon. The team is mostly composed of freshmen, with a sprinkling of veterans, but that is no criterion, because the team is much stronger than last year's aggregation. In the college meet this year there were no former records broken, although most entries came very close. The feature of the Toronto squad is their relay team, which is composed of such worthies as McCord, Innis, Voden and the Veteran Turner.

In the jumping events, Kennedy is McGill's hope, while Turer and Lively are to uphold the honors for the visitors. Kennedy, Foss and Freedman will swing the heavy ball in the weight throwing event, while Bell will oppose them for the Blue and White. Keith Carruthers, the veteran Varsity hurdler, is now graduated, but is ably succeeded by Rowell, whose past performances have equalled those of the veteran. Despite the fact that the Varsity team are composed of practically new material, their coach seemed confident that they would put up a very stiff argument, and it seems assured that the Red and White will have a stiff fight on their hands.

C.I.T.U. MEETING AT UNION TODAY

Will Discuss Changes in Running of Meets

The annual meeting of the Canadian Intercollegiate Track Union will take place in the McGill Union at ten o'clock this morning. At the gathering the representatives of all the colleges holding membership will be present and the plans for the coming year will be decided upon. The officers for next year will also be elected.

It is possible that there will be some changes in the events which are held at the annual meet, as there have been several suggestions in this connection. There is, however, always some opposition to altering the list of events which have been customary for years, and it is doubtful if anything will come from the majority of the suggestions beyond discussion. There have been changes made in the events held at many of the American collegiate track meets within the past couple of years, and many think that some of them would well be used in the Canadian Union.

The track Union was formed a few years ago, after this branch of sport had been conducted in a more or less haphazard manner for many years, and the change has served to stabilize the government of the sport. There is still much to be done, however, regarding the better organization of the union and it is expected that some further steps will be taken today.

ANCIENT TRADITIONS CONCERNING COLUMBUS

While the entire world commonly observes October 12th as Columbus Day in honor of the great discoverer who landed on an island in the West Indies on that date, practically every day in the year is Columbus Day on the island of Santo Domingo, the site of the tomb of the famous explorer.

There are many places to be visited there which are reminiscent of the Italian navigator who landed there in 1492. Natives point out an old stone ruin as his former palace, while there is a large statue erected to his memory in the public square. According to an ancient tradition the tree to which Columbus tied the vessel on one of his first voyages is still standing and is called the "God Tree."

The real pride of the natives is the gothic cathedral, where the remains of the discoverer are buried in a strong box surmounted by a monument of marble and bronze. In 1541 the bodies of Christopher Columbus and his son Diego, were brought from Spain and buried in the Cathedral. The remains of Columbus have not been moved, although his son's were taken to Seville, Spain.—Daily Princetonian.

SOCCER.

A trial game will be held this morning, Friday, October 20th, at 10.30 a.m. All soccer players are requested to be on hand.

ENGLISH IS MOST POPULAR SUBJECT

Followed by Mathematics and French

What is your favorite subject in college?

If you belong to the great majority you will answer immediately "English." Or you might fall in a second group and say it was Mathematics. Others would prefer French, still others Chemistry or History.

In nine leading men's colleges, it was found recently that the most studied subject in the curriculum was English. This was followed in rank by Mathematics, French, Chemistry and History.

A study of a group of eastern women's colleges revealed the same preference but in a slightly different order, and with Economics substituted for Chemistry. Seen other women's colleges showed the popularity of practically the same subjects with Chemistry dropping out and Latin, Bible, and Biology trying for fifth place.

Students in co-educational schools preferred exactly the same studies that those in the men's colleges had studied most. A group of ten strong denominational schools showed a similar preference with Political Science taking the place of Chemistry.

This strong preference for certain objects cannot be accounted for on the basis of required subjects. The requirement for Philosophy, Psychology and other subjects is just as general as that for English and Mathematics. In many schools, however, the registration in English is two or three times that of any other subject.

French is the leading foreign language in all colleges. After that, more women like to study Latin, while men choose Spanish next. Italian is almost entirely a women's college subject, although it is not important there. The study of German is returning more rapidly in men's colleges than elsewhere. A few women still study astronomy but men have long ceased to give this subject much attention.—The Cornelian.

NOTICE.

There will be a supper meeting at Strathcona Hall on Saturday at 6 p.m. Miss Wrong will be the guest and speaker. All who desire to attend should sign their names at once on sheets provided for the purpose in the lobby at Strathcona Hall, and at the R.V.C. There will be accommodation for about one hundred. The cost of the supper will be thirty-five cents.

VAN WAGNER

Coach Van Wagner, of the track team, hails from Poughkeepsie, New York. He went to the college at Springfield, where he became famous the world over because of the type of physical director produced. Here, he won a letter on the track team. He also holds a collection of cups and medals that is well worth seeing.

The work done by the track coach in the past three years has been remarkable. Twice he has brought championships to McGill. Both times by clean-cut victories, the Red and White track team has stood out as being away from the mark and better in form than their opponents. Constant work at the track and unceasing attention to the new men has enabled the coach to develop a team worthy to carry the McGill colors through to victory. Not only has practice started at the first of September each fall but also the coach has had workouts each spring in the gymnasium. The track team this year is developed to a point where it should be victorious. Today the work of the season has its test and the results will show the true worth of the men but in any case it has been most evident that Coach Van Wagner has done his utmost to produce a winning team. One thing, too, is certain that win or lose the sport has been developed this year as never before, and although several good men leave this year, the development of new men to fill their places has not been neglected.

SCIENCE SWAMPS
COMMERCE TEAMInter-faculty Game Played
in Snow Storm

Yesterday afternoon on the Campus Commerce sustained their second defeat of the week when they were beaten by Science, last year's champions, by a score of 12-0. The game was played off in a snowstorm, but few fumbles were made by either team during the course of play.

Play began at 4.15 and during the first quarter both sides failed to score, although Commerce had a slight edge on the play due chiefly to MacRae's good punting. But in the second quarter Almond, the Science captain, secured the ball on a Commerce fumble and went over for a touch which was not converted, giving Science a lead of 5-0 at half time.

In the third quarter, in spite of some wicked passing by the Science backs, Commerce held the champions to but 2 points' booted by Dingman, near the end of the quarter.

The last quarter saw another touch by Almond, which also remained unconverted. During this quarter Science pretty well ran away with the play, although Cummings made some nice runs for Commerce. Full time went with the score 12-0 for Science.

Dingman and Almond were best for the victors, while Cummings, Kenwick and Bright played well for the losers. Chisholm refereed.

'DAILY' MAN
INTERVIEWS
OUR COACHESProspects Good for Coming
Events

BOTH OPTIMISTS

Coach Wagner, when approached by the "Daily," and asked what he thought of McGill's chances today, was enthusiastic. He said the men are all in splendid shape notwithstanding the wretched weather which has interfered with practices the past few days. The contest will be very close, more so on account of Queen's not sending a team. This merger he met into a dual contest with regard to scoring, with Varsity and McGill the only possible winners of the meet.

Four or five McGill men are running for the last time. Hay, for instance, has been on the team for five years. Naturally, as this is the last time these men will have the chance to run for their "Alma Mater" they will place every ounce of strength into their efforts. The Toronto team is strong. Vince and Bell are both stars. Their team is a well balanced one. McGill's team is composed of some fine stars, but also a few weak spots. This is what is going to make a mighty close contest of the meet.

Wagner said that we have a good chance of carrying off the honors. Certainly a splendid chance if the weather is good, and the track is in fine condition. If the weather is bad and the snowstorm last night does not look very good, then the chances will be pretty much the same for both sides.

Queen's does not seem to take the same interest in track as in Rugby and it would seem that this is the main reason for their not sending a complete team down.

It is hoped that every student and person interested will turn out at the Stadium today. The meet will begin at 2.15 sharp.

"Shag" was very reserved when asked how his team was coming on. He said: "The team is certainly better than it was last week. They have developed an 'offensive' which they did not have then. The whole Queen's and Toronto games were played on the defensive but tomorrow things may be different."

Two of the strongest men are on the sick list and will not be able to play tomorrow—"Flin" and Philpotts. Shag has not definitely decided who will play the vacant positions. It is fairly certain, however, that Manson will play one of them.

Varsity, of course, has a strong team and "Shag" is not making any rash statements. However, he said McGill has a chance and he hopes the result will be satisfactory.

The men were working hard yesterday in the wet drizzle and will be at it again today. The tickets for the game are going well and if the weather is fine there will be a good turnout.

SHAUGHNESSY

Frank Shaughnessy had his introduction to football at Notre Dame College, where he played on the college team. He came first to McGill in 1912, having been in Canada as manager of various baseball clubs for several years previous to that. In 1912 McGill won the championship after a play-off held in Ottawa, where McGill defeated Varsity by 14-3. In 1913 McGill were again successful in winning the championship, due to a great extent to Shaughnessy's coaching.

In 1914 McGill finally lost the championship after a play-off with Toronto in Toronto, the Varsity team winning the game with only two minutes to play.

After the war, during which time "Shag's" activities were devoted to the Army, his only sport work being to coach the Ottawa regimental team, he returned to McGill, and the wonderful success of the 1919 McGill team is to a large measure ascribed to his generalship. Shaughnessy has a big task on his hands this year, but it remains to be seen whether there is not still another trick up his sleeve which will be used tomorrow afternoon.

BOXERS PREPARING
FOR FULL SEASONInter-class and Inter-faculty
Boxing to be Adopted

The opening practice of the Boxing Club at Molson's Hall yesterday afternoon was marked by a large and enthusiastic turnout of aspirants to the "noble art". Last year's popular coach, Ernie Robinson, will train the men again this year, and put the men through a practice in the arts of hitting and guarding yesterday.

Of last year's college champions, Brewster, also intercollegiate champion, and Abinovich, will be out again to uphold their honors this year. Merritt, present and are promising material for the Boxing Club this year. The newcomers to the art are a husky lot and while new at the game, are capable of being trained into good boxers.

The Boxing Club is in for a very active season this year. Besides the boxing for the college championship and the Intercollegiate Meet. There will be the inter-class and inter-faculty boxing. Inter-class boxing is a new thing this year and was inaugurated for the purpose of choosing representatives of the faculties. Inter-faculty boxing was a great success last year and succeeded in bringing out some very good material. Most of these bouts will take place at smokers to be held at the Union, MacDonald College and at the St. Anne's Hospital, and competition is expected to be very keen.

Boxing is now recognized as one of the best methods of preparing a man to meet many of the emergencies of life with courage and determination. Every man in college who is able should avail himself of the excellent opportunities afforded at McGill to learn the "manly art." Boxing is a pleasant way of putting in the two hours a week of physical training necessary for first and second year students. There will be two boxing classes, beginners and advanced, held at 5 p.m. and 6 p.m. on Tuesdays and Thursdays.

SENIORS SHOW
UP WELL ON
SNOWY FIELDSFast Practice Held Despite
Weather

"FLIN" OUT OF GAME

McGill Weakened by Loss of
Two Half-backs

A continual downfall of snow failed to halt the senior football squad in its preparation for the big game with the University of Toronto twelve at the Stadium tomorrow. In spite of the miserable weather coach Shaughnessy drove his pupils through a snappy workout and scrimmaged them for about half an hour against the intermediate team.

The halfbacks took advantage of the weather in order to accustom themselves to handling a wet ball, and Carril was over in a corner of the field making all sorts of difficult catches of what looked like an oval snowball.

Philpotts, the veteran halfback, who is out of the game at present, was out at the Stadium to watch the workout. This was Phil's first visit to the football field since he was injured in the Varsity game in Toronto on the 7th. Philpotts is probably out for the rest of the season, because of the bang he received in the side and the effect upon his kidney.

The line-up for the big contest has not been announced yet. But there will probably not be many changes in the make-up of the squads, as it took the field against Queen's last week.

The injury to Flanagan's ankle will keep him out of the contest and it is likely that Manson will be pulled back from the line to replace him. "Dink" Carrol and "Bones" Little will be seen at their old positions on the half line. Eddie Crain is going strong and has clinched the pilot's job on the team. While Campbell Cope, by his brilliant performance against the Presbyterians on Saturday, has earned the right to hold down the lying wing position.

McGregor's shoulder is still troubling him but he will probably be in condition to start the game at centre, with Matthews and Don Smith to relieve him. Don Foss and Woodruff will likely hold down the inside wings. Ambridge and Walsh will play middle. Fife will start at one end and Charlie Robertson, who has shown great improvement this week, seems the logical choice for the other, with Dyer as first substitute.

The tickets are selling fast for the last home game of the season and a large crowd is expected to see the annual contest between the two ancient rivals.

UNION SCENE OF
ROOTERS' PRACTICEMen Required for Burlesque
Football Match

A large crowd of students was present at the rooters' meeting held last night in the ballroom of the Union, in preparation for tomorrow's game. Great enthusiasm was shown, and the rooters seem determined that everything possible in the way of moral support shall be given to the team. The yells were all gone through in fine style, and the band was there in full force and ran through their repertoire of songs.

It was announced that more men are needed to play in the burlesque rugby game which is taking place at half time. Any man who feels he is capable of taking part in this is asked to see one of the cheer leaders and take a hand in making the act a success.

After the cheering, rooters' tickets and caps were put on sale in the hall. A wild scramble took place in the endeavor to obtain these tickets.

SCIENCE SOPHS. WIN
INDOOR BALL GAME

Science '25 decisively defeated Science '26 last night in the High School gym. From the time the first ball was pitched the frosh never had a chance. The sophs. played consistent ball at all stages and the infield performed remarkably well, considering that it is the first game.

The feature of the game was a spectacular catch by Merritt in the sixth inning. Burland pitched well throughout.

The sophs must be looked upon as contenders for the championship after their last night's performance. The final score was 27-22.

The line-up:
Science '26:—Catcher, Knowlton; pitcher, Munro; 1st b, Upton; 2nd b, McKee; 3rd b, Brennan; short stop, Wilson; l.f., Rinfret; c.f., Hodina r.f., Costigan.

Science '25:—Catcher, Taylor; pitcher, Burland; 1st b, Norton; 2nd b, MacMillan; 3rd b, James; short stop, Merritt; l.f., Cotter; c.f., Williams; r.f., Partridge.

People who live in glass houses give themselves away by pulling down the shades.

GYM. NOT TO
BE STARTED
THIS WINTERMeeting of Building Com-
mittee Yesterday

LACK OF FUNDS

Contracts to be Awarded for
Pathological Building
Shortly

Word was received from the Secretary's office last night that McGill students will not witness the preliminary building operations for the new dormitory-gym this fall, and that in all probability it will be some time before work on the new structure will be commenced. When asked whether the gym would be completed by next fall, Mr. Glasco stated that it would not, and that no definite time could be stated when the much looked-for building would be a reality.

The programme of the Building Committee has been hindered by the lack of funds, payments not being made as was expected, and also because many of the subscriptions have been spread over a five-year period of time so that much of the contemplated construction has had to be postponed, thus accounting for the delay in the reconstruction of the Arts Building, the Engineering Building and other additions to the university.

A meeting of the Building Committee held yesterday afternoon, at which many important matters were discussed regarding the awarding of contracts, suggestions were made which will be laid before the Board of Governors for their recommendation. Some of these recommendations have to do with the erection of the new Pathological Building, a separate contract having been let for the foundation work only; the awarding of the contract for the main will take place in the near future.

Mr. Glasco hoped to be able to give more detailed information regarding this subject, which is one of prime importance to the student body, as soon as the Board of Governors had approved of their recommendations, a matter of a few days.

A lecturer, talking about the nature of man, remarked that one point of distinction between human beings and animals consisted in the capacity for progress.

"Man," he exclaimed, "is a progressive being; other creatures are stationary. Take the ass for example. Always and everywhere it is the same creature. You have never seen, and you never will see, a more perfect ass than you see at the present moment."—Maclean's Magazine.

SOCCER IS POPULAR
GAMES ARE ARRANGED

The game of Association Football is rapidly looming up on the horizon as one of the coming athletic sports in McGill. For several evenings during the past week as many as thirty or forty men have been turning out to impromptu practices on the old Campus. Having assumed such proportions in such a short space of time, the attempt at putting soccer on the list of athletics is certainly not a fitful one.

Applied Science and Medicine seem to be represented strongly on the field, and Arts, Commerce and Law are not greatly outnumbered. Among those practicing there seem to be many "old hands," and this is always a source of help to newcomers. In every game there are little tricks which are not readily picked up by those new at the game.

There is to be a friendly game on the Campus at ten o'clock this morning; there being several "veterans" on each side, the game should prove interesting. Other games with city teams are also to be considered if enough men will remain out for the rest of the season.

Where are those Toreador trousers which were advertised as being the latest thing for college men? Or are they barred from universities?

—Cincinnati University News.

AN INMATE.

A young man told me the other day that I had a face he couldn't forget. Now I wonder what it was he meant. (Try the mirror, we might suggest; it has many secrets to tell.)
